You're Not a Window Expert? That's OK...We Are.

New Windows with No Regrets.

Whether you're looking at new construction or replacement windows, you probably want the same things. Beauty. Strength. Durability. Energy efficiency. And someone you trust to help you choose windows that are perfect for you. That's PC Home Center.

More Choices. No Pressure.

We carry the industry's most trusted brands, like Anderson, Marvin, Jeld-Wen and SilverLine — names you know and trust. And as a full-service home center, we carry a wider range of styles, too. Find the look you want within your budget — with no pressure to choose one brand over another.

Beautiful Decks, Built to Last.

No matter whether you're replacing an existing deck or building your dream deck from the ground up, we know what matters most to you. Beautiful decking. Long-lasting, low maintenance options. Environmentally-friendly materials. And experts you trust to help you bring it all together. That's PC Home Center.

Beauty.

Choose from stunning composite decking from Trex® — the industry leader. You'll find a surprising range of colors and deep wood grain textures, with beautiful options to fit every budget. There's a look to suit every taste — including yours.

Durability.

Unlike traditional wood decking, Trex® advanced composite decking from PC Home Center maintains that vibrant color and luxurious finish no matter what the elements (or your family) dish out, thanks to its unyielding, three-side shell protection. It resists fading, scratches, stains — even mold.

Go Green.

Trex® eco-friendly composite decks are 95% recycled wood and plastic film, made with some of the most earth-friendly manufacturing processes in the country, reclaiming factory waste and eliminating harmful chemicals. They even work to reduce environmental impact across the supply chain.

Ask the Experts.

Whether you just want some guidance choosing the best materials for your outdoor space, or need someone to work with you from design through delivery, PC Home Center offers as much or as little assistance as you need to get the deck you want.
