

# OUR DADS WORKED WITH YOUR DADS.

For three generations, Trivista has been selling the best trucks on the road — with a deep inventory from locations across the Midwest. Just as important, we've kept them — and their drivers — on the road, with service departments staffed by Certified Technicians, and parts and expertise shared across ten sites. So we don't just get you into the right truck...we keep you there, and keep you moving. Because nobody takes care of trucks — and drivers — like Trivista.
